

# THE ROOF WARRANTY YOU CAN COUNT ON.

Your roof is more exposed to the elements than any other part of your home. With this in mind, Gerard stands by its roofs with a product warranty that is as easy to understand as it is thorough, providing you with both clarity and peace-of-mind. You can also feel reassured that Gerard roofs are only installed by Gerard Certified Roofers who must, under New Zealand building law, make good any problems in the unlikely event they arise.

 **GERARD**  
Roofing Designed to Endure
